

the story of hope

hope in a jar was created for the medical market and recommended by plastic surgeons and dermatologists to hydrate and refine the look of wrinkles, roughness and uneven tone. it goes beyond moisture to gently exfoliate and deliver cutting-edge antioxidants for a healthy, rosy glow. all you need is hope.

pamper yourself in-flight with philosophy and United Airlines. beginning later this spring, philosophy and United Airlines are helping you rejuvenate yourself and your skin at 30,000 feet with philosophy amenity kits for global first class and businessfirst travelers.
